DESCRIPTIVE PRICE LIST OF

STRAWBERRY

Vegetable
and

Flower
Plants

NICOL NOOK GARDENS

COLIN McNICOL, Prop.

MILFORD

DELAWARE

Dear Friends and Customers:-

The Strawberry Plants listed in this Price List are grown on new ground and we believe as fine as are grown. They are true to name and as represented, and we hope to have enough this year to supply all.

They are cleaned and tied in bunches of 26 or 27 plants for 25. Freshly dug and packed. Parcel Post or Express charges prepaid within 1000 miles in U. S. A. (This applies to Strawberry Plants ONLY.) You know just what the plants will cost you. You get the plants when you want them and we know just what to do, so there is no delay.

YES! We believe our plants are as well bred, pure, large and strong in fact will live, grow and produce as fine berries as any other plant under same conditions.

TERMS—Cash with order.

Kindly make your order total \$1.00 as smaller orders are filled at a loss.

All stock is offered subject to prior sale, crop failure, etc.

Late in the season, we will substitute as good or a better kind but if requested will gladly return your money for anything we are out of.

We want to satisfy every reasonable person and will do anything within reason, but it is understood that we are not liable for a greater amount than original cost of plants.

Our Prices are, we believe, as low as good stock can be sold and pay a living wage.

References—Milford Trust Co., Postmaster, Express and Freight Agents here. In writing to our references please enclose 2c stamp.

STRAWBERRIES

Senator Dunlap—(Mid-season). Almost too well known to need description. Does well everywhere north of Mason and Dixon Line. A great plant maker. The great market berry of Northern States and Canada. Berries are large, bright red and firm, a fine canner. One of the old ones that continues to hold its own for family use and market.

Dr. Burrell—This is, if not identical with Senator Dunlap or so nearly like it that the same description will do for both kinds.

Dunlap or Dr. Burrell is one of the best for the inexperienced grower of Strawberries as well as the Fruit Farmer.

WE STRIVE TO PLEASE ALL

Lebanon Co., Pa., May 14, 1923.

Dear Sir:—Plants came in good shape, am well pleased. E. M. Boltz.

Howard 17 and Premier—The best Strawberry everywhere, stands frost well, bears fruit over a very long season. I cannot say too much for this berry for market, for the home or any purpose. It is the best always. If you are going to plant strawberries, take our word for it, plant this one, tie to it, bank on it, depend on it. We find very little difference in Howard 17 and Premier. However we have a pure strain of each. Take your choice. Quality just fine.

DOING FINE—WE ARE GLAD

Monroe Co., N. Y., June 11, 1923.

The berry plants which you shipped me are fine. G. L. Loveridge.

WE DO OUR BEST TO FILL ORDERS PROMPTLY

Lebanon Co., Pa., 5/1/23.

Dear Sir:—I received the plants on 4/27, in good order. They are very nice. Thanks for promptness. G. K. Wildman.

Mc Alpin—One of the best for poor light land, being a very vigorous grower. Producing fine large red berries of excellent quality. An easy berry to grow. A money maker for the market grower. After rains you will find this berry the cleanest of sand and dirt. You will not be disappointed in this one. A late berry that brings home the money.

RECOMMENDED US TO HIS FRIENDS

Sussex Co., Dela., 4/18/23.

Received the plants last night and they certainly look fine. I thank you for filling my order so promptly. If I hear of anyone wanting plants I will gladly recommend you to them. J. P. Prettyman.

Gandy—Late. The great late market berry for this and other sections of the country. Nearly all other late varieties are compared with Gandy. After being shipped even 400 miles this berry often brings more in market than fancy nearby varieties. Very productive. The perfect shape with the bright green caps make the berries very beautiful.

If you have good black loam or clay soil, this is the berry you need. For best results Gandy should be planted with a strong perfect variety, say one row to three of Gandy. Note our low price for this superior late variety.

SATISFACTION AND FULL COUNT

Oneida Co., June 11th, 1923.

Dear Sir:—The plants came on time. They are fine. Thank you for generous quantity. Respectfully yours, J. Anderson and Son.

Lupton—A very handsome large berry of best shipping qualities. Quality of berry fair, but they are so beautiful that if you ship fancy berries you will find it a very profitable variety to grow. On good strong land with good culture this is one of the good market kinds. A late berry, possibly an improvement on Gandy.

CONGRATULATES US ON OUR PACKING

Interville, Pa., April 16, 1923.

Dear Sir:—Plants arrived in fine shape and much above what I expected. I wish to congratulate you on your packing as it stood Parcel Post shipping perfectly. Yours truly, F. A. McKinney.

Progressive Everbearing—By far the best one I have tried. You can have beautiful red strawberries of highest quality in 3 to 4 months after planting. Why wait more than a year? Don't fail to order some of these. Easily grown. Give them good rich soil, cultivate often, keep all flowers plucked off until July or August and your fall crop will be large. Truly an everbearing. Down here we often have these delicious sweet berries for Thanksgiving and this year I found a handful on our plants the last week in December. I have the genuine article, get a start of these. They are so nice for the table during the fall months.

All Strawberries listed are perfect flowering varieties. Gandy, however, is not strong and should be planted as suggested in description.

WE ARE PLEASED SO MANY FIND THEM NICE

Sussex Co., May 3rd, 1923.

Dear Sir:—I got my plants last night and they are very nice. Yours truly, J. M. Barnes.

VERY MUCH PLEASED

Somerset Co., N. J., July 30th, 1923.

The plants came Saturday afternoon. They were in fine shape, never even wilted and my neighbor was very much pleased with them. Yours respectfully, J. Remson

BARGAIN STRAWBERRIES

BARGAIN STRAWBERRY PLANTS—These plants will be labelled. Being one or more of the varieties listed in this Price List, but not including Progressive. These will be as fine plants as any we send out but will be of such variety as we have a surplus of. The selection of varieties must be left to us.

KINDLY NOTICE THIS

NOTE—We have been growing Strawberry plants and selling to Strawberry Nurseries for some time. They tell you in their catalog how superior their plants are. Please let me ask are the plants any better because they sell them? The sooner a Strawberry plant is in the ground again the more chance it has to live. We have sometimes found it necessary to buy plants to fill orders. This has been so unsatisfactory that we have decided to discontinue the practice. So when our plants are all sold your money will be returned. Order from the grower.

The time to plant Strawberries is as soon as the ground is in good working condition in the spring. Seldom, if ever, can late planted plants make anything like a full crop. So please insure your crop by planting early, when plants live and grow well.

We will fill orders after May 1st, but the orders will be filled at your risk.

We do not grow Potted Strawberry plants. If you do not know how to grow Strawberries, we will if requested in your order, send you by mail instructions for growing this most luscious fruit.

If you wish large quantities and pay your own express, write for Special Price.

ALL VEGETABLE PLANTS ARE GROWN FROM THE BEST SEED OBTAINABLE AND ARE JUST SUCH PLANTS AS WE PLANT OURSELVES

EARLY CABBAGE PLANTS — Field grown. Our soil grows first class, well rooted, stocky plants. The very best. Plants are ready about May 1st.

VARIETIES—Early Jersey Wakefield, Charlston Wakefield, Copenhagen Market. 12 for 15c; 25—25c; 50—35c; 100—60c Post Paid. By Express Collect. 12 for 10c; 25—15c; 50—20c; 100—35c; 1000—\$2.25.

LATE CABBAGE PLANTS — Field grown. Ready about June 1st to September 1st.

VARIETIES—Flat Dutch, Danish Ballhead, American Savoy, and Red. For Prices see Early Cabbage prices, except 1000 for \$2.00 Express Collect.

BEST HE HAS RECEIVED—EXPECTS TO NEED 70,000 IN 1924

Baltimore Co., Md., July 31st, 1923.

Plants received all O. K. and best I have got so far from anyone. Respectfully, J. H. Griffith.

CELERY PLANTS

Celery plants are field grown, ready about June 15. Varieties: Easy Blanching, Paris Golden Self Blanching; 12—25c; 25—30c; 50—40c; 100—75c; Post Paid. By Express, 12—15c; 25—25c; 50—35c; 100—60c; 1000—\$3.00.

White Plume, Giant Pascal, and Winter King; Same prices as above.

CAULIFLOWER PLANTS

Early Snowball Cauliflower Plants, ready about May 20th and later. 12—20c; 25—30c; 50—50c; 100—90c; Post Paid. By Express, 12—15c; 25—25c; 50—35c; 100—65c; 1000—\$5.00.

BULBS

GLADIOLI—In mixture. Our own growing. We all love the beautiful Gladioli, so easy to grow and you have the bulbs year after year. You do not need to buy every year as you do plants. I offer these in mixture only. It is a superior collection of many beautiful colors. Fine large bulbs at a low price. Include some in your order. 12—40c; 25—75c; 50—\$1.50; 100—\$2.50 Post Paid.

CANNAS—In these I offer 2 to 3 eye pieces. Three very fine varieties.

YELLOW KING HUMBERT—A sport of Red Humbert. Beautiful shade of yellow spotted with red. Flowers large and 4 to 6 clusters at a time. Height 4 to 5 feet.

KING HUMBERT—The finest bronze leafed Canna. Enormous trusses of rich salmon flowers. This is very fine. 4 to 5 feet in height.

MADAM CROZY—3 to 4 feet high. A very beautiful vermillion red flower with golden yellow border.

Price each—only 15c Post Paid. By Express 12c each.

DAHLIAS

Quaker Lady (show)—Very beautiful bronze, tipped with white. Full flowers.

Queen Victoria (show)—Very perfect yellow.

Storm King or Snow King (show)—Beautiful long stemmed white flowers.

Capston (cactus)—Old rose to apricot. Fine cut flower.

D. M. Moore (decorative)—Dark velvety red. Fine stem.

Jack Rose (decorative)—Rich American Beauty rose.

Golden Treasure (decorative)—Yellow. Fine long stems.

Black Prince (decorative)—Velvety maroon. Fine stems.

Porcupine (show)—White. Long steams.

Please write below the names and addresses of any acquaintances or friends who may need Strawberry or other plants and I will send you extra plants, roots or seeds to pay you for your trouble.

PLEASED CUSTOMERS A GREAT PLEASURE TO US

Long Island, N. Y., June 18th, 1923.

Dear Sir:—Enclosed find check for 5000 Bonny Best Tomato Plants. My neighbor, Mr. Soper, informed me about you having good plants and prompt service. Yours very truly, A. Schneider.

TOMATO PLANTS

TOMATO PLANTS—Field grown. Ready about May 25th and later. Varieties: Bonny Best, John Bear, Red Rock, Greater Baltimore and Stone. 12—20c; 25—30c; 50—40c; 100—75c; Post Paid. By Express, 12—15c; 25—25c; 50—35c; 100—75c; 500—\$1.50; 1000—\$2.50; 5000—\$11.50.

OUR STRAIN OF BONNY BEST TOMATO IS GOOD

Oneida Co., N. Y., October 10th, 1923.

Dear Sir:—We have had a very nice lot of ripe tomatoes from the plants you sent us. They are yet ripening on the vines. Canned about 100 cans. They run smooth and of good quality. Yours truly, J. Anderson.

PEPPER PLANTS—SWEET OR HOT VARIETIES

LARGE SWEET PEPPER—World Beater, Ruby King, Cayenne (hot) Clean, fine plants from a choice strain of seed. Same price as on Cauliflower. Ready about May 25th.

EGG PLANTS

EGG PLANTS—Black Beauty, the best one. Frame grown. Same price as on Cauliflower plants. Ready about May 25th.

EGG PLANTS—Black Beauty, in small paper pots: 60c per doz. by Express only. Ready about May 25th.

BEEF AND LETTUCE PLANTS

BEEF PLANTS—Ready about same time as Early Cabbage plants and at the same price.

LETTUCE PLANTS—Simpson and Big Boston. Ready about the same time as Early Cabbage plants and at the same price.

EVEN HORSE RADISH MAKES GOOD FRIENDS

St. Clair Co., Mich., 6/10/23.

Dear Sir:—I take pleasure in telling you that you sent me some fine Horse Radish Sets. Respectfully, F. R. Hoffman.

HORSE RADISH

Horse Radish in large cities remains high in price, \$4 to \$10 per Bbl. I have fine heavy sets, fresh dug and full of life of either Bohemia or the Common kind. We grow both. Grow your own and some to sell. 15—25c; 100—\$1.00 Post Paid or 1000 for \$6.00 by Express.

A GOOD INVESTMENT

Ostego Co., N. Y., May 8th, 1923.

Dear Sir:—The 2500 Washington Asparagus roots reached me in good condition even tho they were a week on the road. They were healthy, nice looking roots and I consider them the best investment I have made this year. Yours very truly, L. E. Johnson.

ASPARAGUS

ASPARAGUS—Washington; one year old. Rust resistant, fine healthy plants. Why plant the common kind when this is so much larger and better. We offer, while stock last, genuine true Washington. 100—\$1.25 Post Paid. By Express 100—80c; 1000—\$6.00.

FLOWER PLANTS FOR BEDDING

SALVIA (Scarlet Sage)—That fine bright red flower that we all admire. In flower from mid-summer until frost. I have a very fine early flowering strain. 12—30c; 25—50c; 50—\$1.00; 100—\$2.00 Post Paid. By Express, 12—20c; 25—40c; 50—80c; 100—\$1.50.

COLEUS—What is more beautiful than a bed of Coleus with their beautiful colorings. Fine mixture. Plants ready about May 10th. Prices the same as for Salvia.

MAMMOTH VERBENA—For porch boxes, lawn vases or bedding there is no plant better than Verbena. Mammoth mixture of many colors. Prices the same as for Salvia.

ANTIRRHINUM (Snap Dragon)—Mixed varieties, very choice. 12—25c; 25—35c; 50—65c; 100—\$1.25 Post Paid. By Express, 12—20c; 25—30c; 50—55c; 100—\$1.00.

ASTER—The flower everyone loves. Fine early varieties in many colors.

ASTER—Late, in beautiful mixture. Same price as for Snap Dragon.

DOUBLE GIANT ZINNIA—In lovely mixture. Same price as Snap Dragon.
